

PURE. RELIABLE. POWER.

Power Equipment irrigation packs feature power Yanmar engines from 7.5hp to 75hp and a range of superior standard and optional features, including several different control panels.

Yanmar irrigation packs are straight forward to set up and are designed to deliver a long working life.

YANMAR TNV ENGINE MODELS

- ▶ 2TNV70
- ▶ 3TNV70
- ▶ 3TNV76
- ▶ 3TNV82A
- ▶ 3TNV88
- ▶ 3TNV84T
- ▶ 4TNV88
- ▶ 4TNV84T
- ▶ 4TNV98
- ▶ 4TNV98T

Key Features and Benefits

- ▶ Mounted on robust galvanised steel skid-based frame.
- ▶ Engine with 45°C rated heavy duty radiator.
- ▶ Quality Australian steel base.
- ▶ Vibration isolating mounts.
- ▶ Pump mounting plate.
- ▶ Optional pump pressure transducers deliver 25 bar (362 psi).
- ▶ Variable engine speed controller, muffler assembly, air cleaner assembly, fuel filter, battery leads.
- ▶ Oil and coolant included.

Note: The Irrigation Pack does not include control panel and two-metre engine loom. These must be ordered separately.

Optional features include:

- ▶ Lifting beam with control panel mounting bracket.
- ▶ Roof.
- ▶ 100-litre fuel tank.
